ABOUT ILSA

The International Law Students Association (ILSA) is a non-profit organization of students and lawyers formed to promote international law by providing students and lawyers with the requisite opportunities to explore the international legal arena.

The ILSA is the home of the **Philip C. Jessup International Law Moot Court Competition**, the largest moot court competition in the world, hosting over 700 law schools across 100 countries. Apart from this, the ILSA's activities span from academic conferences and discussions to publications and academic resources.

The ILSA aims to educate students and lawyers around the world in the principles and purposes of international law, encourage communication from different parts of the globe to promote international understanding, contribution to legal education, provide opportunities and assistance to law students and lawyers as well as engage in other activities related to the development and promotion of international law, study and practice generally.

ABOUT SLS ILSA

School of Legal Studies (SLS) is one of the oldest law schools in India. Initially a part of Kerala University in 1962, SLS joined the Cochin University family in the year 1971. SLS has made valuable contributions to the study and research of law, offering LL.B, LL.M and PhD programs.

In the spirit of exploring and furthering legal research, SLS has accommodated various organizations and clubs under its wing, including the Justice V.R Krishna Iyer Chair on Human Rights, Cochin University Legal Aid Clinic (CULAC), Cochin University Human Rights Association (CUHRA) and UGC SAP on Corporate Governance, to name a few.

In its latest endeavour, the School of Legal Studies has introduced a chapter of the International Law Students Association for promoting and advocating international law, study and research.

In keeping the true spirit of the ILSA, **the SLS Chapter of ILSA introduces the Colloquium on Public International Law.**

ABOUT THE COURSE

The exploration and utilization of outer space have always fascinated humanity, leading to remarkable achievements in scientific discovery, technological advancements, and space missions.

As our presence in space continues to expand, it is crucial to establish legal frameworks that govern our activities beyond Earth's atmosphere. **The Certificate Course on Outer Space Law** is designed to provide participants with a comprehensive understanding of the legal principles and regulations that govern space exploration, commercial space activities, and international cooperation in space.

Whether you are an aspiring space lawyer, a professional in the aerospace industry, or simply someone intrigued by the legal dimensions of outer space, this course will equip you with the necessary knowledge and skills to navigate the complex field of Space Law.

Throughout the course, participants will engage in interactive learning experiences, case studies, and discussions to deepen their understanding of Space Law. You will be able to analyze real-world scenarios and examine the legal frameworks governing space activities conducted by different nations and international organizations.

Furthermore, you will explore the ethical considerations associated with space exploration and the role of Space Law in preserving the peaceful use of outer space for the benefit of all humankind.

By the end of the course, participants will have developed a strong foundation in Space Law, enabling them to navigate the legal complexities of the space industry and contribute to the development of policies and regulations that shape our activities **beyond Earth.**
