

DR. AMBEDKAR GOVERNMENT LAW COLLEGE, PUDUCHERRY

ALL INDIA MOOT COURT COMPETITION

under the aegis of
MINISTRY OF CONSUMER AFFAIRS, FOOD AND PUBLIC DISTRIBUTION,
New Delhi

March 08- 10, 20240

About the College:

DR. Ambedkar Government Law College, Puducherry was established in the year 1972 by the Government of Puducherry and presently it is affiliated to Pondicherry University and approved by Bar Council India. This institution is known all over India for its excellence and rich contribution to legal education. In Puducherry, it is the only Government Law College having a vast curriculum and it has earned its reputation in such a way that legal educations in Puducherry and Dr. Ambedkar Government Law College have been treated as synonymous with each other. Currently, the institution has 590 students including research scholars and it attracts quality students from all over India. The new campus is situated at Kalapet, Puducherry with a serene background and a vast area of 28 acres with all the amenities and facilities required for an academic and research environment. This is a unique Law College in India where under one roof all major branches of law curriculum like B.A.LL.B., LL.B., LL.M., (CBCS, in four different Branches), PG Diploma in French Law and Ph.D. courses are being offered. Being a research institution this institution is also proud to contribute to the present development of legal education and research. The physical infrastructure of the institution has the potential to accommodate a whole university in its campus.

Being a pioneering institution in India to conduct Moot Court Competitions, Dr. Ambedkar Government Law College, Puducherry frequently conducts national level moot court competitions every year on various themes with the objective to train the law students about the practical aspects of court procedure. During the competition, law students/participants are divided into teams and they are required to argue on a specific problem before a panel of Judges in the same manner as done in a Court of Law so that they can hone their advocating skills and prosper well in the legal profession. The best performers are given cash awards in the presence of Dignitaries.

The Institution has been conducting National Moot Court Competition since its inception and so far conducted 47 National Level Moot Court Competitions including 5 Regional Language (Tamil) Moot Court Competitions and one All India Women Moot Court Competition exclusively for girls student. Our College has also functioned as Regional Administrator for 16 years continuously for selection of Indian Team to represent India in Jessup Philips International Law Moot Court held in USA.

About the Moot Court Competition:

The consumer protection law is an integral part of UG Law Curriculum as it is expected that every student of law should be aware of the issues and recent trends in the consumer protection arena in national as well as international level. The Consumer Protection Act of 1986 was passed to safeguard customers' rights. However, with time, it was realized that the Act did not cover issues like product liability, consumer contracts made with service providers or manufacturers, or the e-commerce industry. In order to fill in the gaps in the Act of 1986, Parliament passed the Consumer Protection Act, 2019, which aims to provide a more comprehensive and robust mechanism to safeguard and strengthen the interests of consumers and their rights by successfully preventing unfair trade practices, adulteration of food, misleading advertisements, defective products, and black marketing, as well as prohibiting a rampant rise in scams and frauds flourishing in the digital markets. The Central Consumer Protection Authority, Product Liability, submission of e-complaints, deterrents in offenses and fines, and mediation are the main components of the Act of 2019. After three years of the Consumer Protection Act, 2019, being fully operational, it is important to discuss the challenges related to the promotion of consumer welfare and the protection of their rights in detail and find workable and long-lasting solutions to them, including the meaningful and effective functioning of various bodies in digital mode. Notwithstanding the constitutional provisions and national legislative framework backed by landmark judicial decisions on various aspects of consumer protection reflects the value of rights of the consumer in Indian legal system, violation of consumer rights poses a great threat to the protection of consumers.

In this backdrop, Dr. Ambedkar Government Law College, Puducherry, has decided to conduct a National Moot Court Competition in collaboration with Ministry of Consumer Affairs, Food and Public Distribution, Government of India, to promote consumer protection literacy among students of law. The main objective of this competition is to empower the students of Law; ensure inclusive education on consumer protection law; and spread the awareness regarding consumer rights in India.

Highlight of the Competition:

There is a possibility that the Ministry of consumer affairs, Food and Public Distribution, Government of India may felicitate the winners & runners in this Moot Court Competition on the occasion of the World Consumer Rights Day celebration to be held at New Delhi on March 15, 2024.

MOOT COURT PROPOSITION

Case concerning Product Liability and Endorsers Liability

Bio-Med Care Co. & Others v. Mrs. Lisa & Another

1. The Union of Vengadam, a South Asian country, is a union of 28 states. It has a written Constitution and a federal democratic pattern of government. The total population of Vengadam is more than 1.4 billion as per the recent statistics, and hence, it is the world's most populous country. It is the seventh largest country in the world by area and is home to about 17.5 % of the world's total population. The country has a glorious tradition of public health, and there exists a Ministry of Health Care at the Centre from 1947 onwards.

2. As per the Constitution of Vengadam, health is a 'State' subject, and hence, the different state governments have taken several measures to ensure basic healthcare facilities in their states. Moreover, since ancient times, there has been an active involvement of private players in the healthcare sector. Together with the initiatives of the Central Government, State Governments and private players, the health sector in Vengadam has made enormous strides over the past decades. As a result, the life expectancy of individuals in the country has crossed 70 years, there has been a steep decrease in infant mortality, many communicable diseases have disappeared, etc. With the help of a well-established healthcare system during the COVID-19 Pandemic, the Vengadam successfully reduced hardships and death rates of COVID-19 patients.

3. Over the years, Medical Tourism has flourished in the Union of Vengadam and is rapidly developing as a 'Healing Center of the world'. This is due to the fact that Vengadam offers health services in compliance with international quality standards with the latest technologies and medical expertise at a low cost. Most of the doctors are trained in European countries and other developed countries, as well as there are plenty of trained nurses to take care of patients. It is estimated that every year, approximately 3 million patients visit Vengadam from about 100 countries in the world. As a result, Vengadam stands at number 5 in the Global Medical Tourism Index.

4. The Union of Vengadam actively participates in almost all international discussions and conferences relating to the protection of human rights, including the rights of consumers. It was one of the first countries in the world to enact a specific legislation for the protection of consumers, i.e., the Consumer Protection Act, 1986, immediately after the adoption of Guidelines for the Protection of Consumers by the United Nations in 1985. The Consumer Protection Act, 1986 has undergone several amendments, and finally, it was replaced with the Consumer Protection Act, 2019 in order to create a comprehensive framework for the protection of consumers in the country. Though the provisions of the Act do not specifically include health services under the purview of consumer service, the Hon'ble judiciary, through interpretations, settled that a patient is a consumer and health services are consumer services for the purpose of consumer protection laws.

5. In May 2022, Mr. Steve and Mrs. Lisa, an Irish couple, visited Union of Vengadam to spend their summer vacation. As they were more interested in beach activities and trekking, they made their visit to the State of Dhruvadam, the southern State of the Union of Vengadam. While travelling in the State, they have seen several big hoardings of hospitals on the roadside as well as in popular tourist destinations. Mr. Steve and Mrs. Lisa were attracted to the hoardings of Pillai's Wellness Hospital as they displayed the details of Liposuction surgery.

6. The hoardings of Pillai's Wellness Hospital contain the photo of a famous Tamil Film Actor, Mr. Tilak Varma. He is one of the pan-Indian actors and recipient of several awards, including national film awards and film critics' awards. The hoardings of Mr. Tilak Varma portray that Pillai's Wellness Hospital is the best hospital in the country to carry out Liposuction surgery. Mrs. Lisa was facing the problem of over fat in her hands and was suffering pain and discomfort due to the same for the last two years.

7. Mr. Steve and Mrs. Lisa consulted Dr. Shivaraj, a cosmetic surgeon at Pillai's Wellness Hospital, to overcome the problem of over fat in Lisa's arms. Dr. Shivaraj suggested Liposuction surgery for the removal of over fat, and accordingly, Mrs. Lisa was admitted to the hospital. On June 4th, 2022, the said surgery was completed. On

6th June, 2022, she started to have pain in her right hand, and a color change was also noticed. On 8th June, 2022, it was identified that the cause of pain in the right hand was 'Necrosis'. It is an infection that usually occurs due to non-sterilised conditions during the surgical procedure.

8. The Management of Pillai's Wellness Hospital, constituted a medical team to investigate about the unfortunate incident of Mrs. Lisa. The Medical team identified that, the Dr. Shivaraj and his team performed the surgical procedure with utmost care and caution and the surgical instruments used for the procedure were of high quality. In Pillai's Wellness Hospital, the sterilization of surgical instruments was done with the help of various equipment supplied by Bio-Med Care Co. The technicians found that the equipment used for the sterilization of instruments used for Liposuction surgery contained a manufacturing defect. Though the equipment works well, due to this manufacturing defect the sterilization process does not happen positively. The Medical team concluded that, the infection occurred due to poor sterilization of surgical instruments used for the procedure. On receiving the legal advice that, the Pillai's Wellness Hospital will not come under the purview of 'Consumer' as defined under the Consumer Protection Act, 2019, the Hospital decided to initiate legal proceedings against the Bio-Med Care Co. under other appropriate laws.

9. The pain in Mrs. Lisa's hand was increasing day by day and they requested free treatment from Pillai's Wellness Hospital. However, the Hospital denied the request for free treatment. Mr. Steve shifted Mrs. Lisa to another well-known hospital in the same city. About a period of 6 months of treatment and suffering, Mrs. Lisa's condition was improved and she got discharged from the Hospital. Aggrieved by the mis-happenings and sufferings due to the surgery, Mrs. Lisa filed three different consumer complaints: two complaints before the District Consumer Commission and one complaint before the Central Consumer Protection Authority.

10. The first complaint was against the Bio-Med Care Co., claiming remedies as per the relevant provisions of the Consumer Protection Act, 2019. The Bio-Med Care Co. filed their reply stating that this complaint is not maintainable since Mrs. Lisa is not a consumer as per the provisions of the Act and also because she is a foreign Citizen. However, rejecting the contentions of Bio-Med Care Co., the District Commission

awarded Rs.15 lakhs as compensation. In appeals, both the State Commission and National Commission reaffirmed the order of the District Commission. Hence, Bio-Med Care Co. filed an appeal before the Hon'ble Supreme Court.

11. The second complaint was against the Pillai's Wellness Hospital, claiming remedies for the sufferings. The Hospital, in their reply, contented that, there was no negligence on the part of the Doctor and his team while providing the surgery and related treatments. Moreover, in the complaint, Doctor who actually provided the service is not arrayed as a party. During the pendency of this complaint, both the parties agreed to submit their dispute for mediation, and accordingly, the District Commission referred this complaint for settlement through mediation.

12. The mediation was successful, and the parties settled their dispute accordingly the District Commission passed an order. However, after one week of passing the order, Mrs. Lisa filed an appeal before the State Commission. While disposing of the appeal, the State Commission held that the Hospital is liable for deficiency in service and ordered to pay Rs.5 lakhs as compensation to the appellant. On an appeal filed by the Hospital, the National Commission reaffirmed the order of the State Commission. Aggrieved by the order, Pillai's Wellness Hospital filed an appeal before the Hon'ble Supreme Court.

13. The third complaint was filed before the Central Consumer Protection Authority against the claims made in the hoardings of Pillai's Wellness Hospital placed in different parts of the State of Dhrupadam. The Central Authority, after an appropriate investigation and other proceedings, imposed a penalty of Rs.50000 on Mr. Tilak Varma for endorsing the advertisement. In an appeal, the National Commission reaffirmed the order of the Central Authority. Being aggrieved by the said order, Mr. Tilak Varma filed an appeal to the Hon'ble Supreme Court challenging the constitutional validity of the relevant provision, which empowers the Central Authority to impose penalties on endorsers.

14. The Hon'ble Supreme Court of Vengadam, for the sake of convenience, decided to hear all the cases on the same day with the following issues:

A. Whether Mrs. Lisa can be considered as a Consumer as per the provisions of the Consumer Protection Act, 2019, and hence eligible to claim remedy from Bio-Med Care Co.?

B. Whether there is any deficiency in service on the part of Pillai's Wellness Hospital so as to be liable to compensate Mrs. Lisa?

C. Whether the provisions conferring the right to appeal against an order issued by the Commission based on the settlement in Mediation is Constitutionally valid?

D. Whether the provisions that empower the Central Consumer Protection Authority to impose penalties on endorsers is Constitutionally valid?

NOTE:

1. The laws in the Union of Vengadam and the Union of India are in pari materia.
2. The Counsels representing both sides are required to address the issues that are specifically mentioned in the moot problem.
3. The Counsels have to represent the Appellants (Bio-Med Care Co.; Pillai's Wellness Hospital & Mr. Tilak Varma) and for the Respondents (Mrs. Lisa & Union of Vengadam).

Rules and Regulations governing the competition

1. Date and Venue:

March 08-10, 2024

Dr. Ambedkar Government Law College,

Mathur Road,

Kalapet, Puducherry- 605014
