1ST NATIONAL POLICY DRAFTING COMPETITION

NEETI

By
Drishtikon, DSNLU
&
Orpheus Sabha Foundation

TOPIC

DEEPPFAKE

DRISHTIKON

Drishtikon is a student-run committee which organizes weekly discussions on contemporary socio-legal, political and historical issues. We provide a platform for students of DSNLU to freely express their *drishtikon* or point of view. Each week, we conduct a discussion on a topic that is in news and students come to share their understanding of the issue. We have a moderator for the discussion who starts the discussion by giving a brief on the topic and sets the flow of the discussion.

Apart from our weekly discussions, we also conduct panel discussions and policy discussion competitions.

DSNLU

In order to provide high-quality legal education, the Andhra Pradesh Government established Damodaram Sanjivayya National Law University (DSNLU) in Visakhapatnam through the DSNLU Act, 2008. It is recognized vide BCI and Section 2(f) and 12(b) of the UGC. Its primary objectives are to create and provide legal education, as well as to encourage academic success and promote legal research. The university offers five years integrated B.A. LL.B. (Hons.) and one year LL.M. (Constitutional Law, Criminal Law, and Commercial Law). Additionally, it offers Doctoral and Post - Doctoral degrees in legal and inter-disciplinary studies.

ORPHEUS

SABHA FOUNDATION

Orpheus Sabha Foundation is a not-for profit company. We seek to give the youth a chance and platform to express their views, hone their research skills, develop their public speaking abilities, and be part of a community that is holistic, inclusive and diverse. Orpheus has always been dedicated to providing a vibrant platform for public speaking, stimulating discussions, and fostering essential debating skills. Our best interest lies in helping the leaders of tomorrow, that is India's promising youth, broaden their sphere of knowledge and equip themselves with skills such as strategy-making, negotiation, decision-making, and diplomacy.

ABOUT DEEFAKE

Deepfake technology poses a formidable challenge in the digital age, blurring the lines between reality and fiction. Leveraging artificial intelligence, deepfakes manipulate or fabricate audio and video content to convincingly depict individuals saying or doing things they never did.

This technology has the potential to deceive and manipulate, raising concerns about misinformation, privacy breaches, and the erosion of trust. From creating fake celebrity endorsements to generating fabricated political speeches, the implications of deepfakes extend across various domains, prompting the need for vigilant measures to counteract their impact on society.

With the advancement of technology, the ethical and legal implications of deepfake creation became increasingly complex, necessitating a proactive approach and policy intervention to address and mitigate the risks associated with this evolving threat.
