

## **Call for BOOK CHAPTERS!**

**BOOK TITLE:** *Intersection of Law and Artificial Intelligence  
in Indian and Global Context*

**Book Style:** *Edited Book*

### **EDITORS:**

- *Prof. (Dr.) Nachiketa Mittal, Professor of Law & Registrar,  
National Law University, Tripura, and*
- *Ms. Pakhi Garg, Co-Founder World Cyber Security Forum*

**PUBLISHER:** *All India Reporter, Pvt. Ltd., Nagpur*

---

### **CONCEPT NOTE FOR EDITED BOOK:**

Artificial intelligence (AI) is rapidly transforming various sectors, and the legal field is no exception. This book delves into the intricate relationship between AI and law, exploring its implications for the Indian and global legal landscape. Targeting legal professionals, policymakers, technology developers, and students, it offers a comprehensive analysis of this evolving area.

The book explores how AI impacts various aspects of legal practice, including research, writing, due diligence, and litigation. It also highlights AI's potential to significantly enhance access to legal services and affordability in India, particularly considering the vast legal aid gap. This promising aspect of AI in the legal sector is a beacon of hope for the future.

A dedicated section analyses the adoption and challenges of AI-powered tools in Indian courts, including e-filing, case management systems, and the potential for AI-powered judgments. Recognizing the global nature of AI development, the book compares how India approaches AI in law with other major jurisdictions like the US, EU, and China.

Ethical considerations are paramount, so the book addresses concerns surrounding bias, transparency, and accountability in AI legal applications. It strongly emphasises the importance of human oversight and responsible development, instilling a sense of reassurance and confidence in the ethical considerations of AI.

Finally, the book discusses the pressing need for robust legal frameworks to govern the use of AI in the legal sector. Considering data privacy, intellectual property, and professional responsibility, these frameworks are crucial for navigating the rapidly evolving field of AI and Law. By providing a comprehensive analysis, the book aims to equip readers with the knowledge and insights to be aware and prepared for this future.

**The Editors of the Book invite Book Chapters on the following themes:**

- The Legal Status of AI Agents
- AI-Powered Tax Planning and Optimization Strategies
- AI and Legal Ontologies: Building the Blocks of Machine-Readable Law
- AI and Predictive Justice: Algorithmic Risk Assessment and Beyond
- AI and Neurotechnology: Legal Implications of Brain-Computer Evidence in Court
- Monitoring Environmental Compliance with AI-Enabled Sensor Networks
- Navigating Data Privacy Concerns in AI-Driven Personalized Medicine
- AI in mediation, arbitration, and online dispute resolution platforms.
- Legal implications of AI automation for employment law, social security, and the gig economy.
- AI and Smart Contracts: The Future of Self-Executing Agreements
- Role of AI in Child Custody Decisions & Family Law Proceedings
- Legal research vis-à-vis aids of technology and artificial intelligence
- Introduction of artificial intelligence in law enforcement procedures
- Modernisation of the case management system and justice delivery with the use of artificial intelligence
- Enhancement of access to justice in collaboration with AI tools
- Incorporation of the tools of AI in the discourse of legal education
- Case studies of intellectual property rights in the field of publication industry in the light of artificial intelligence

## GENERAL GUIDELINES FOR SUBMISSION OF BOOK CHAPTERS

- a) **Co-authorship** is allowed for up to three co-authors.
- b) The **chapter** should be double-spaced in Times New Roman 12-point font. The Main Title should be in full capitals, bold and centred with a 12-point font. Sub-titles should be in sentence case, bold and 12-point font. Authors' names should be in small capitals and centred in 12-point font. Footnotes should be in Times New Roman 10-point font.
- c) **Citation Format:** Authors are requested to use footnotes only. Footnotes should conform to the ILI Style (refer here: <https://ili.ac.in/cstyle.pdf>). Those in the text should be numbered consecutively. Footnotes to the title or authors of the article are marked by asterisks and placed on the title page.
- d) **Abstract:** All final book chapter submissions must contain an abstract of 300 words or less, before the main body of the book chapter.
- e) **Chapter length:** The chapter should be 6,000 to 10,000 words (including footnotes).
- f) **Originality of Manuscripts:** All the contributions should be the original work of the contributors and should not have been submitted for consideration in any other Publication. Any plagiarised work will be outright rejected.
- g) **Submissions shall only be made by Legal Professionals, Academicians, PhD. Scholars, Researchers, Advocates, Lawyers and Corporate Counsels. UG/PG Students shall refrain from sending book chapter proposals.**

## BOOK CHAPTER PROPOSAL SUBMISSION AND SELECTION PROCESS:

The interested authors may submit a book chapter proposal of a maximum of 1000 words reflecting the theme and proposed sub-sections in the chapter via this form only: <https://forms.gle/YowUgRtdtpNKZTnk8>
